ABOUT JACK DAFONS

Jack Dafons is positive energy! A DJ from Barcelona and resident at **Razzmatazz** club. With a professional career spanning more than 10 years, his sets are characterized by "**Pop is clubbing**" – or how pop music is also club culture.

An advocate of **open format**, Jack Dafons builds **transgenerational** sets where iconic pop anthems, digital meme culture, urban music, dance, and rock all coexist. An unapologetic journey that connects eras and styles on the same dancefloor, combining nostalgia, humor, and pure club energy..

There are no rules: his mission is to create an atmosphere where music is the best ally of happiness, euphoria, and **human connection.**
